Pricing for 2010

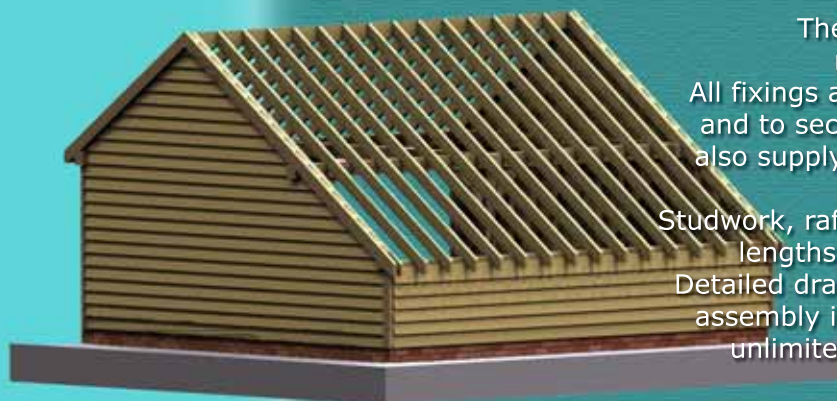

Supply only kits - £4500 inc. delivery

New Add Assembly for just £1100

New Add Slate Roofing for just £2860

or Clay Tiles for £3520

All prices subject to VAT and location

The kit includes a fully-joined oak frame, ready to assemble upon your brickwork.

All fixings are provided to assemble the oak frame, and to secure the sole-plate to the brickwork. We also supply the stainless nails to secure studs and rafters to the oak.

Studwork, rafters and cladding are supplied in un-cut lengths, ready to be cut for an exact fit on site.

Detailed drawings are provided, along with detailed assembly instructions. As with all of our products, unlimited telephone support is always available.
